

# BRITISH CACTUS AND SUCCULENT SOCIETY

(V.A.T. Reg. No. 222 7985 47)

## SEED DISTRIBUTION - DECEMBER 1988

### NOTES:

1. All requests for seed should be made immediately on receipt of the Journal to Mrs D. Pritchard, 11 Shaftesbury Avenue, Penketh, Warrington, Cheshire WA5 2DP.
2. Indicate your selection by **underlining** those required on the Distribution List. If more than one packet is required of a particular species, write the number of packets **before** the name. To allow for a fair distribution, only one packet per species can be supplied from the Special Lists, which contain more expensive seed available in small quantities.
3. If at all possible, you will receive seeds of your choice, but some species are available only in small quantities and substitutes may have to be sent. Indicate preferred alternatives by putting a **tick** against their names.
4. The Distribution List is your order form and will be returned with your seeds. Fill in your name and address in the space provided below. If in addition you provide a self-adhesive addressed label, this will enable the Seed Distributor to process your order more rapidly.
5. Because of the heavy initial demand and disruption of postal services over the Christmas period, no orders will be dispatched before the New Year. In any case allow 28 days for delivery before enquiring —interruptions to deal with enquiries while the Seed Distributor is packing orders only delay the work further!
6. Make cheques and postal orders payable to BCSS. Add 30p to the total amount for your order to cover postage and packing.
7. Overseas members should note the following: (a) Seeds will be sent by surface mail unless sufficient extra postage is enclosed to cover airmail rates. (b) Before placing an order, please satisfy yourself that the local Customs/Import regulations permit entry of cactus and succulent seeds. The Society cannot be responsible for seeds which are confiscated. (c) Phytosanitary certificates cannot be supplied.
8. The seed offered is obtained from a number of suppliers and listed here under the names given by them. The Society cannot accept responsibility for incorrect names on the seed packets.

### CACTACEAE at 15p per packet.

ACANTHOALYCIUM chionanthum  
                  glaucum  
                  klimpelianum  
                  violaceum

AKERSIA roseiflora

ANCISTROCACTUS crassihamatus  
                  megarhizus

APOROCACTUS mixed

ASTROPHYTUM myriostigma  
                  myriostigma var. nudum  
                  senile var. aureum

AYLOSTERA albipilosa

AYLOSTERA cintiensis  
                  cyanensis  
                  fabrisii var. flaviflora  
                  heliosa var. cajasensis  
                  horstii  
                  leucanthemea  
                  pulchella  
                  sanguinea  
                  tarvitensis

BARTSCHELLA schumannii var. globosa

CEPHALOCEREUS schwartzii

CEPHALOCLEISTOCACTUS ritteri

- ✓ CLEISTOACTUS angosturensis ✓  
smaragdiflorus
- COCHEMIEA maritima
- CORRYOACTUS melanotrichus
- CORYPHANTHA calipensis
